NIRVANA

Five lanes. Short words. Each one has a target, not a score.

NIRVANA · CHAIN

Who does what · why names broke · why nothing is live

1 Command chain

2 Ara’s job

- 👔 Boss bot
- 🏗️ Owns the build
- 📋 Executes Ange’s specs
- 🔁 Runs the daily loop

3 Marvin’s job

🚧 Final gate · 🔍 Audits every Ara reply · 📓 Dated miss log

🛡️ **BASTION** · Infra Lead does the work

Proxmox / home-lab · Ubiquiti · 1300 VoIP · Kill switch · Shark 6

4 Why the names broke

20 Oct ~12:45pm Melb — Elon Musk 2.0 retired → audit job absorbed by **Marvin Musk**

Ange → Ara ✖ Cursor builder → Draft PR #18 → Marvin gate

✖ **Mirror overlay never reached the 5-tile spec**
Ari Gold jokes + Elon quotes watermark · launch imagery
Ange voice 18 Oct 13:48Z · 19 Oct 07:33Z

✖ **"Ara 2.1" label** kept the version number

✖ **Colour correction** recorded only as Ara's summary, not Ange's words

5 Why not fixed yet

⏳	📝	⛔	⚪
7 draft edits underway	PR #18 still draft	Nothing merged	Nothing live

6 Why Ange sees the old board

📱 **LIVE**
gh-pages · old board
no PR #18

🔒 **Ange's own "merge"**

✨ **NEW**
PR #18 board
publishes on merge

Marvin Musk gate, 20 Oct 2026, read-only

Ara 2.1

Blue. The boss bot.

She builds Nirvana and runs the daily loop.

How it cuts the work: the next step lives on one blue tile. Target: 80% less work hunting for it.

Marvin

Red alien. The final gate.

He checks every reply before Ange sees it.

How it cuts the work: a bad reply stops with Marvin. Target: 80% less work fixing messages.

Terafab

Gold. The money lane.

It covers trades, the shop, the Qantas claim and pay-it-forward.

How it cuts the work: those money jobs sit in one gold lane. Target: 80% less work searching for them.

Falcon 9

The overnight sweep.

It sweeps email, WhatsApp and the calendar each night.

How it cuts the work: the morning starts from one pile. Target: 80% less work chasing those messages.

Neuralink

Ideas, and the locked vault.

Brain dumps and ideas live here, plus the After Dark vault, which sits behind a PIN.

How it cuts the work: the ideas and the vault are on one tile. Target: 80% less work finding them.
